Workshop on AI, Machine Learning Based Product Design Validation

organized by Department of Electronics in association with IEDC, IIC & CSEED

On 29-08-2022

Workshop may introduce a new idea, inspire participants to further explore it on their own, or may illustrate and promote actual process practice. For this a workshop on AI, Machine Learning Based Product Design Validation was held at Dept. of Electronics,St. Thomas' College, Thrissur in association with IEDC, IIC & CSEED on 29th August 2022. The workshop was a specialization course in Advanced Computer Vision with OpenCV, Keras, Tensor Flow and Machine learning techniques which enabled the participants to acquire idea about real time applications.

The concepts covered in the workshop were:

- Advanced Computer Vision with OpenCV, Keras and Tensor Flow
- Machine Learning Techniques
- Neural networks and CNN
- Transfer Learning
- Real time application demo

The inaugural session started at 1.00 pm with the welcome speech by the Head of the Dept. Mr Jinesh Paul C and the inauguration by Vice-Principal E D John. The workshop was started at 1.30 pm up to 4.00 pm. The resource person Mr Midhunlal K B, Project Engineer CSEED and other two faculties provide technical support for the workshop. A Total of 34 Students and teachers participated in the workshop.

Administrative Staff Training at St. Thomas College (Autonomous), Thrissur in association with the deputy directorate of collegiate education

on 02-12-2022

St. Thomas College (Autonomous), Thrissur, organized a comprehensive training programme for its administrative staff on 2nd December 2022. The one-day event aimed to enhance the skills and knowledge of the administrative team, ensuring efficient and effective functioning.

Shri. Jenson V. D. (Senior Superintendent) extended a warm welcome to all participants, creating a congenial atmosphere for the training sessions. Rev. Dr. Martin K. A. (Principal) delivered an inspiring speech, emphasizing the importance of continuous learning and professional development. Sri. Shaji P C. (Head Accountant) inaugurated the training, highlighting the significance of the programme in improving administrative processes. Dr. Sajesh T. A. (Assistant Professor, Department of Statistics) commended the initiative and its potential impact on the overall efficiency of the administrative staff. Following the inaugural function the first class was conducted by Smt. Divya C G addressing the topic of grade promotion. After a brief tea break Smt. Smitha N N, covered the topic of pension. After the lunch break Smt. Dilna J Prakash and Smt. Jasmin C Louis conducted detailed sessions covering the seventh pay fixation of the teaching faculty. The resource persons had fruitful discussions with the participants and answered all the raised queries meticulously. The training programme was concluded with a Vote of Thanks delivered by Joby A V (Head Accountant), expressing gratitude to the organizers, trainers, and participants. The initiative was a success, providing valuable insights and skills that will undoubtedly contribute to the ongoing improvement of administrative processes at St. Thomas College (Autonomous), Thrissur.

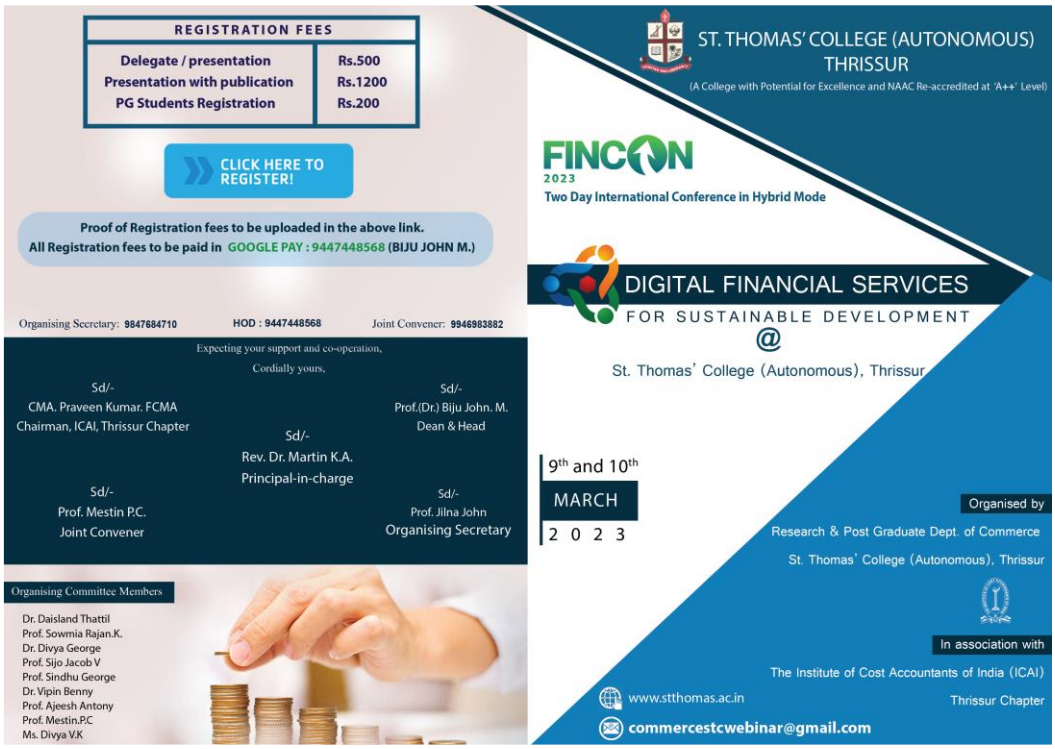
FINCON 2023

on 09-03-2023 & 10-03-2023

Digital financial inclusion is a gateway for the sustainable development. The pandemic revolutionized the digital financial services and hence it is vital to ensure access and proper utilisation of digital financial services to promote sustainable development. Research Department of Commerce organized a two-day international conference in hybrid mode on "Digital Financial Services for Sustainable Development" on 9th and 10th March, 2023. The Conference aimed at bringing the views of experts, researchers, academia and students to the forefront, with the purpose of creating a knowledge hub and making academic contributions to the sustainable development efforts of the country. The conference witnessed the participation of nearly 150 delegates including academicians and business executives from various institutes around the country. The participation of foreign delegates provided a worldwide perspective on the topic for discussion.

The inaugural session marked the beginning of the conference. Dr. Biju John M, Head of the Department, welcomed the dignitaries. Dr. Martin K A, Principal, presided over the session. Prof. Jilna John, Organizing Secretary of FINCON 2023 introduced the resource person and guest of the inaugural session to the audience. Mr. Anto George, Chief General Manager of South Indian Bank was the chief guest of the session. He inaugurated the session and spoke about the importance of digital financial inclusion in sustainable development. Vote of thanks was given by Prof. Mestin P C, Joint Convener of the conference.

The first technical session started after the inaugural session by 12 pm. The topic of the session was India and UN 2030 agenda for sustainable development: An assessment of India's achievement progress on SDG8 and SDG 10. The keynote speaker for the session was Dr. Nazir Ahmed, Assistant Professor, Bakthar University, Kabul. He highlighted the UN announcement of the decade as 'Decade of Action' and emphasized the target wise and goal wise gaps from SDG 8 and 10 to be covered in the remaining period. The resource person of the next technical session which was held on 10th March, 2023 was Dr. Madhusoodanan Kartha, Assistant Professor, Sri C Achutha Menon Government College, Thrissur. He emphasized on the contribution of academicians on sustainable development. He highlighted the different tools of data analysis and its contributions to the sustainable development deliberations in the Indian economy. The session was chaired by Dr. Sabu P J, Head, Department of Economics, St Thomas College, Thrissur. It was followed by paper presentations. The two days comprised of incisive and insightful discussions on various facets of the issue and made notable contributions to the sustainable development discourse. The conference ended with the valedictory session on the second day.



Dr. Biju John M, Head of the Department, welcoming the dignitaries to the two-day international conference in hybrid mode on "Digital Financial Services for Sustainable Development".

Implementation of the project (Project No. 732/A14/2022/KSBB) by planting saplings of *Syzygium travancoricum,* a critically endangered plant, organized by Research and Post graduate Department of Botany, St. Thomas College (Autonomous), Thrissur in association with Varavoor Gramapanchayat near Kozhikottukulam, Kottupuram.

on 18-03-2023

Mr. K.K Babu, Vice President, Varavoor Gramapanchayat inaugurated the event at 9.00 am by planting the sapling of *Syzygium travancoricum,* a critically endangered plant. 30 UG Botany students and Dr. Anto P V, Assistant Professor, Department of Botany of St. Thomas College (Autonomous), Thrissur had reached the site and planted 55 saplings of the plant. Mr. T A Hidayathulla, Ward Member, Varavoor Gramapanchayat, Mr. Alfred M K, Panchayat Assistant secretary and Ms. Sindhu, AE, Mahatma Thozhilurapp Scheme were also present and they also planted the saplings.

The event was organized in connection with the project of Department of Botany, St. Thomas College (Autonomous), Thrissur, on the 'Ex-situ conservation of *Syzygium travancoricum* critically endangered tree species', funded by Kerala State Biodiversity Board (Project No. 732/A14/2022/KSBB). Botany department of St. Thomas College (Autonomous), Thrissur has signed MoU with Varavoor Panchayat for the Ex-situ conservation of *Syzygium travancoricum* critically endangered tree species. The saplings were planted there for the first time on 5th June 2022 as a part of environmental day celebrations. And a team including students and teachers from Botany department of the College visits the site at regular intervals to study and evaluate the growth of the plants. *Syzygium travancoricum* is a plant with high potential to be used for environmental engineering such as to prevent soil erosion, land sliding and flood and also create pure water flow in its habitat. The fruits which comes under the group of blackberries is food for birds and animals and also is highly medicinal. So there comes the importance of its conservation.

Outcome: Conservation of the plant *Syzygium travancoricum* and also to spread awareness about the importance and necessity of protection and conservation of biodiversity, especially the critically endangered species.

Instructional Workshop on Advanced Cryptography (IWAC 2023)

in association with DRDO and **Cryptography Research Society of India (CRSI)**

on 23-05-2023 to 26-05-2023

This workshop's goal is to systematically introduce mathematics and engineering students and faculty to the fundamental concepts of cryptography, network security, and other information security-related concerns and applications.

Workshop Overview:

The field of cryptology is expanding quickly, and it is becoming more and more popular among information scientists, notably in activities relating to networks, banking, mail, and information security. This workshop seeks to engage students from all around the nation and give them a forum to learn about career options in cryptology and associated research. This workshop's goal is to systematically introduce mathematics and engineering students and faculty to the fundamental concepts of cryptography, network security, and other information security-related concerns and applications.

About CRSI:

Cryptology Research Society of India is a scientific assembly consisting of academics, researchers, specialists, students and institutions interested in promoting the science and technology of Cryptology, Security and allied disciplines in India.

About the Department:

The department of Mathematics was established in 1926 and now provides PhD as well as two UG and one PG programmes in Mathematics. One of the primary areas of research is cryptography. The department strives to develop highly competent and motivated mathematicians while maintaining a high degree of academic achievement.

About the College:

St. Thomas College(Autonomous), Thrissur, is the oldest Catholic College in Kerala and is the first College to have been established by diocesan clergy in India and is older than all the Universities in Kerala. It was founded as an educational institution in 1889. The college has had a very strong scholastic tradition that spans over a century. Apart from the contributions to intellectual and cultural fields, the College community has respond positively to the problems thrown up by the processes of nation-building. St. Thomas College is accredited with A++ (3.70) grade by NAAC. The UGC granted Autonomous Status to the College from 13th June, 2014 and College with Potential for Excellence status with effect from 01st April, 2016.

Account Details:

Department of Mathematics,
St. Thomas College
Account No. : **0231-03171864-190001**

About DRDO:

DRDO is the R&D wing of Ministry of Defence, Govt of India, with a vision to empower India with cutting-edge defence technologies and a mission to achieve self-reliance in critical defence technologies and systems, while equipping our armed forces with state-of-the-art weapon systems and equipment in accordance with requirements laid down by the three Services. Today, DRDO is a network of more than 50 laboratories which are deeply engaged in developing defence technologies covering various disciplines, like aeronautics, armaments, electronics, combat vehicles, engineering systems, instrumentation, missiles, advanced computing and simulation, special materials, naval systems, information systems and agriculture. Several major projects for the development of missiles, armaments, light combat aircrafts, radars, electronic warfare systems etc are on hand and significant achievements have already been made in several such technologies.

REGISTRATION FEE:

Students / Research Scholar : **Rs. 1000**
Faculty / Others : **Rs. 1500**
A 10% waiver in registration fee is available for CRSI members

IMPORTANT DATES:

Last date for Registration : **20/05/2023**
Abstract Submission : **15/05/2023**
Letter of Acceptance : **16/05/2023**
Full Paper Submission : **20/05/2023**

Paper Presentation:

There shall be an opportunity for the participants to make paper presentation in online mode on the theme of the workshop. The abstract must reach **maths@stthomas.ac.in** on or before **15/05/2023**. There is no additional fee for paper presentation. At least one author of the accepted manuscript will have to mandatorily register.
