

## PLACEMENT CELL 2022-2023 REPORT

In the academic year 2022-2023, St. Thomas College not only achieved an impressive total of 311 placements but also demonstrated a proactive commitment to student success by hosting over 157 placement drives on campus. This extensive initiative showcased the college's dedication to connecting students with a diverse array of career opportunities and industry leaders.

The comprehensive approach to placements is reflected in the variety of sectors represented among the recruiting companies. Standout placements were secured with Software and banking organizations such as Accenture (45 placements), HDFC (38 placements), TCS (14 placements), and Wipro (32 placements). These figures underscore the versatility and high-caliber preparation of St. Thomas College graduates.

The impact of the placement drives extended across various academic disciplines, showcasing the college's adaptability to the dynamic demands of the job market. Notably, B. Com Banking and Insurance emerged as a preferred choice, yielding 36 placements. Simultaneously, courses like B. Voc Data Science (23 placements) and B. Sc Computer Science (25 placements) reflected the college's forward-looking approach in aligning education with industry trends.

Postgraduate programs also made a significant contribution to the overall placement success, with M. Sc Physics, M. Sc Statistics, and M. A Economics collectively accounting for 27 placements. This highlights the depth and relevance of advanced studies at St. Thomas College.

In essence, the success of the placements is not just a quantitative achievement but a testament to the college's holistic efforts in providing quality education, fostering industry connections, and preparing students for diverse and rewarding careers. The multitude of on-campus placement drives further solidifies St. Thomas College's reputation as an institution committed to the comprehensive development of its students, equipping them for success in the professional landscape.

### No of placements

St. Thomas College Placement Cell is dedicated to ensuring the holistic development and success of its students through a series of impactful programs designed to enhance their skills and prepare them for the professional world. Here is an overview of the key initiatives:

**Place-kick:** Place-kick serves as an orientation program for all students, aimed at identifying their unique skills and potential for future placement opportunities. This program plays a crucial role in aligning students' strengths with prospective career paths.

**Flame-up:** Flame-up, with a notable participation of 562 students, is an intensive 50-hour training program tailored for second-year undergraduate and first-year postgraduate students. Focused on enhancing mental acuity and numerical skills, this rigorous training equips students with the tools necessary for academic excellence and career success.

**Turning Point:** Turning Point, with 312 participants, is a transformative three-day residential program held at LEAD College in Palakkad. It encompasses theoretical sessions on placement strategies and job searching, complemented by Outward Bound Training (OBT) sessions. This program is designed to foster mental stability and confidence among participants.

**Blaze-Up:** Blaze-Up, engaging 162 participants, is a dynamic 40-hour crash course offered to final-year undergraduate and postgraduate students. This program is strategically designed to prepare students for upcoming placement drives, providing them with the skills and knowledge needed to excel in recruitment processes.

**Nexus:** The Nexus program is a novel initiative facilitating a connection between alumni who have successfully secured positions in various companies and their junior counterparts. Through this program, valuable insights and detailed information about job processes are shared, fostering a sense of mentorship and guidance.

**Placement Winners Forum Meetup:** This forum brings together students who have successfully secured placements in the previous year. It serves as a platform for these accomplished individuals to share their experiences, insights, and lessons learned, creating a supportive network for ongoing career development.

**Resonance:** Resonance is a unique recurring program where previously placed students gather to share their experiences. Held once or twice a year, Resonance provides an opportunity for reflection, networking, and ongoing mentorship, fostering a sense of community among successful alumni.

Through these diverse programs, St. Thomas College Placement Cell exemplifies its commitment to nurturing well-rounded individuals equipped with the skills, confidence, and knowledge needed for a successful transition into the professional realm.

## Moments in Placement Cell

The placement cell celebrating moments like Christmas and Onam. This inclusive approach not only emphasizes professional growth but also creates a warm and festive atmosphere, making the placement cell a dynamic and supportive community for all.
