Report on the programme: Extending your reach with innovation - Virtual reality

Place: Thrissur
Date: 08/12/2023

Virtual reality Workshop was organized by the Department of Computer Application on 8th December 2023 at 9.30 AM, Thoomkuzhi Hall in Association with IEDC and IIC.

Resource Person: Kumaraguru Baran (Chief Executive Oficer, XR Architect)
The objective of the program: To create an immersive experience that can be used to explore an environment that helps to educate or entertain the end user.

Description:

On the occasion of Computer Literacy Day, the Department of Computer Application organized a virtual reality workshop, in collaboration with IEDC and IIC at Thoomkuzhy Hall, located in the Jubilee Block of St. Thomas College (Autonomous), Thrissur. Ms Anjana, fourth-semester BCA student hosted the event. Ms. Sreedevi, the second-semester BCA student, sang a prayer to kick off the program at 9.30 in the morning. The event was officially launched by Vice Principal Dr. E D John sir after the welcoming address by Mr. Prinson Sir, Head of the Department. Fr. Dr. Finosh Keettika delivered the Felicitation. After the formal event, Mr. Kumaraguru Baran (Chief Executive Officer, XR Architect) provided the Information about the VR technology. He discussed devices such as gyroscopes and motion sensors, features like motion tracking, movement tracking etc. The session came to a close with a vote of thanks from Ms. Aleena Prakash, Staff Coordinator.

No. Of Participants: 76

Outcome: Acquired knowledge on VR technology to explore an environment that helps to educate or entertain the end user.

Organising Committee:
 Mr. Prinson P.T (HOD, Dept. of Computer Application)

Report

My Story: - Motivational session by a successful Entrepreneur,

30ᵗʰ November 2023 by Dept. of Electronics

"My Story: - Motivational session by a Successful Entrepreneur" on Thursday 30ᵗʰ November 2023 organized by Department of Electronics, St. Thomas College, Thrissur. The session inspired the students and educate them about the importance of Entrepreneurship, the challenges that they will come across and how to overcome it. The session should emphasize motivation, planning and cooperation efforts. Also helped students to know his/her self-image. After completion of the session, they could relate/compare his image with environment and also identify his own style of influencing others. They understood the challenges that they would come across and how to overcome it.

Objectives of the Event:

- To encourage the students to think in direction of startups as career opportunities.
- To motivate students to be Self-driven.
- To inspire students to Pursue their ideas.
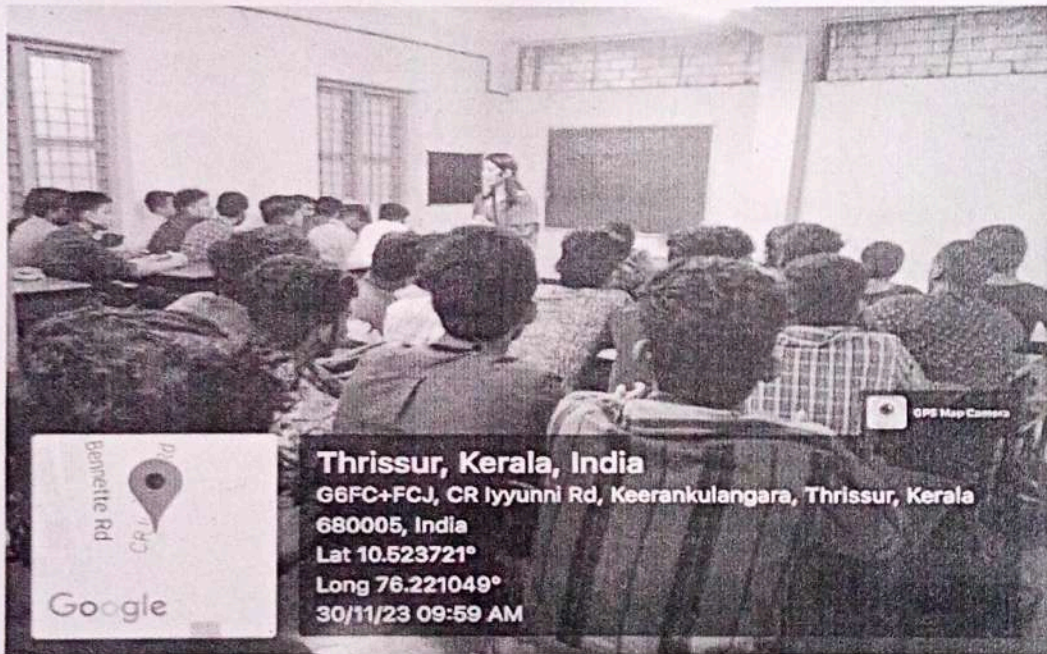

The session started at 9.30am with the inauguration by Dr.Fr.Martin K A with Presidential address by the Vice Principal Dr. E D John.

30/11/23 09:59 AM

The session was started at 10.00 am up to 12.00pm followed by valedictory function and the certificates for all participants were distributed in the function. The resource person Ms. Nimmy Antlo, Fashion Designer Alankaar Boutique Thrissur & Mala handled the session and motivate students to find their inherited talent and encouraged them to become an Entrepreneur. A Total of 48 (43 boys and 5 girls)students from Ist year BSc and 2nd year MSc participated in the session.

Outcomes of the Session:

The students will realize the journey of being an entrepreneur or establishing a start up on self. The difficulties & challenges they will face during the process and how to overcome such types of situations. At last they will be inspired to become entrepreneurs in their fields.

Seminar Report: Interaction with Alumni Entrepreneurs

Date: 28/06/24
Location: Kaviprathibha Hall
Organized by: Department of Physics, IIC, IEDC
Attendees: 141
Speakers: Mr. Christo George, MD, Hykon India Ltd.

Introduction
The seminar titled "Interaction with Alumni Entrepreneurs" aimed to bridge the gap between current students and successful alumni who have ventured into entrepreneurship. The event provided a platform for knowledge sharing, networking, and inspiration.

Objectives
- To inspire students by showcasing successful entrepreneurial journeys.
- To provide practical insights into starting and managing a business.

- To facilitate networking opportunities between students and alumni.

Highlights of the Seminar

Mr. Christo George shared his personal journeys, discussing the challenges and triumphs they faced while building their businesses. Topics covered included market research, funding strategies, and the importance of resilience. Mr. Christo George engaged in a lively discussion, addressing questions from students regarding the entrepreneurial landscape, innovation, and future trends. Insights into balancing academics with entrepreneurial pursuits were particularly valued. Participants expressed enthusiasm about the seminar. The "Interaction with Alumni Entrepreneur" seminar was a resounding success, fostering an engaging environment for knowledge exchange and inspiration. It not only highlighted the achievements of alumni but also empowered current students to pursue their entrepreneurial dreams.

FIGMA FOUNDATIONS: A UI/UX Design Workshop

The Department of Computer Science, St Thomas College (Autonomous), Thrissur, in association with the Innovation and Entrepreneurship Development Centre and the Institution's Innovation Council, organised a workshop on UI/UX design. The event aimed to enhance the design skills of undergraduate students. and was organised on 26 July 2024 in AC 124, and the hands-on session in the data science lab. The head of the department, Ms. Rameela Ravindran K., inaugurated the workshop, which witnessed the enthusiastic participation of 38 students from the final year BSc Computer Science program.

The session began with a comprehensive introduction to the fundamental concepts of user interface and user experience (UI/UX). The resource person, Mr. Joyal Sojan, an alumnus of the college, explained the critical role that UI and UX play in the industry. He emphasised the importance of creating intuitive, user-friendly designs that enhance the overall experience for the end users.

Following the theoretical introduction, the resource person introduced the participants to Figma, a powerful web-based design tool widely used in the industry for UI/UX design. He provided a detailed demonstration of the software's features, showcasing how it can be utilised to create interactive prototypes and collaborative designs. The students were guided through the process of setting up their own Figma accounts and exploring its functionalities.

In the hands-on session, the participants were tasked with developing a wireframe for a library management system. This allowed the students to apply the concepts they had just learnt, giving them a real-world context to practice their new skills. Dr. Jiju A. Mathew and Ms. Dharshana Roopesh also provided continuous guidance and feedback throughout the exercise, ensuring the students effectively translated their ideas into a functional wireframe.

The workshop was well-received by the students, who appreciated the opportunity to learn from an industry expert and gain hands-on experience with professional design tools. The event not only provided them with valuable knowledge and skills in UI/UX design but also inspired them to explore this important area of computer science further. In conclusion, the UI/UX workshop was a resounding success, fulfilling its objective of equipping students with essential design skills that are increasingly in demand in the industry.

Title: Workshop on "How to design and implement a data analysis project using primary datasets"

Date: 23rd November 2023

Resource Person : Ms. Kavya Muraly, Asst.Professor, MSW Department, St.Thomas College (Autonomous), Thrissur

No.of participants : 48

Brochure

<u>REPORT</u>
*Workshop on "***How to design and implement a data analysis project using primary datasets"***
Organized by Department of Data Science, St.Thomas College (Autonomous), Thrissur in Association with IEDC & IIC on 23rd November 2023

The Department of Data Science, in collaboration with the Innovation and Entrepreneurship Development Cell (IEDC) and the Institution's Innovation Council (IIC), organized a Workshop on *"***How to design and implement a data analysis project using primary datasets".*** The event took place on the 23rd of November 2023 from 1:00 PM to 3:00 PM in Room No. 324 of the Data Science department.

The Workshop was inaugurated by Dr. Fr. Martin K.A, Principal of St. Thomas College (Autonomous), Thrissur. His insightful words set the tone for an intellectually stimulating session.

The distinguished resource person for the Workshop was Ms. Kavya Muraly, Assistant Professor from the MSW Department at St. Thomas College (Autonomous), Thrissur.. Her expertise added depth to the discussions and provided valuable insights into identifying problems that are not only technically challenging but also socially relevant.

Ms. Kavya Muraly's presentation covered key aspects of identifying problems for projects, including:

➢ Understanding the Context: The importance of understanding the broader context in which a problem exists and its implications on decision-making.

➢ Stakeholder Analysis: Identifying and analyzing stakeholders involved in or affected by the problem to ensure a comprehensive understanding of perspectives.

➢ Ethical Considerations: Emphasizing the need for ethical considerations in projects and the impact on decision-making processes.

<u>Felicitation and Vote of Thanks:</u>
Dr. Johns Neduvath, President of the Institution's Innovation Council (IIC) and Nodal Officer of the Innovation and Entrepreneurship Development Cell (IEDC), facilitated the workshop. His role in orchestrating the event and ensuring a smooth flow of discussions was commendable. Dr. Johns encouraged active participation and engagement from the attendees, fostering an environment conducive to learning and collaboration.

The workshop concluded with a vote of thanks delivered by Mrs. Anju Paul, Department Coordinator of the Data Science Department. She expressed gratitude to the resource person, attendees, and everyone involved in organizing the workshop.

<u>Conclusion:</u>
The workshop on "How to Identify a Problem for Data Science Projects" provided a platform for meaningful discussions and insights into the critical process of problem identification in the realm of Data Science. The event not only enriched the understanding of

attendees but also fostered a spirit of collaboration and innovation within the academic community at St. Thomas College (Autonomous), Thrissur.

Expert Talk on "Intellectual Property Rights (IPR)"

Place: Kaviprathibha Hall , St. Thomas College, Thrissur

Date: 19-08-2024

The expert talk on "Intellectual Propert Rights (IPR)" was organized by Institution's Innovation Council, Innovation and Entrepreneurship Development Centre, of the College on 19th August 2024 at 09.00 am in Kaviprathibha Hall of the College.

Resource Person: Mr. Sanjo Jose, College Librarian, St. Thomas College (Autonomous), Thrissur

Objective of the programme: To make students aware of the different types and levels of Intellectual Property Rights

Description:

The seminar started at 09.00 am with a welcome speech by Dr. Johns Naduvath, IIC President, STC. Rev. Dr. Martin K A, Principal of the College, inaugurated the seminar and also delivered presidential address of the programme. The resource person of the seminar, Mr. Sanjo Jose, College Librarian, St. Thomas College (Autonomous), Thrissur, delivered an expertized talk on the subject "Intellectual Property Rights (IPR)". He made an elaborate explanation of different types of Intellectual Property Rights, its advantages and also its application procedures. UG students of Physics participated in the seminar. The talk was followed by an interaction session.

Number of participants: 48

Outcome: The seminar provided vast and deep idea about the "Intellectual Property Rights (IPR)" to the students. And they could know the relevance of IPR, its application procedures and also could familiarize new technical terms related to it.

ST. THOMAS' COLLEGE, (AUTONOMOUS) THRISSUR
(NAAC accredited at 'A++' Level)

MISTLETOE – CHRISTMAS MARKET
Jointly Organized by:

Entrepreneurship Development Club
Institution Innovation Council
Innovation and Entrepreneurship Development Centre

Event Report

Date: December 15, 2023

Time: 10:00 AM to 3.00 PM

Venue: VAZHAPPILLY HALL (ROOM NO 18)

    The Entrepreneurship Development Club of St. Thomas College (Autonomous), Thrissur, collaborated with the Institutions Innovation Council and Innovation and Entrepreneurship Development Centre to organize MISTLETOE, a vibrant Christmas Market. The event aimed to provide students with a platform to showcase and sell their craft and food items with a festive Christmas theme. Held at the college premises, the market featured an array of creative products and delicious treats that captured the spirit of the season. One of the major highlights of the market was the eco-friendly Christmas wreaths made with natural materials, which garnered significant attention and appreciation from visitors. Students from various departments contributed unique offerings, including handmade crochet work such as handbags, purses, and mobile cases, adding a personal touch to the event. Additionally, the market showcased Christmas trees made of paper and other eco-friendly products, emphasizing sustainability

and environmental consciousness. The Christmas special eatables, including cakes, pies, cookies, and tarts, were also highly attractive and contributed to the festive ambiance of the market.

The market was a resounding success, with all products being sold out, indicating the popularity and demand for the students' creations. Visitors, including staff and students, showed overwhelming support by visiting the stalls, appreciating the products, and encouraging the entrepreneurial efforts of the participants. The event not only provided a platform for income generation for the students but also highlighted their talents, creativity, and entrepreneurial spirit. Student coordinators Aibel and Thomas, along with faculty coordinators Dr. SIndhu George and Dr. Jilna John, demonstrated effective leadership and coordination in organizing the event, ensuring its smooth execution and success. 37 TEAMS from different department put up their stalls. MISTLETOE - A Christmas Market was a memorable and impactful occasion, showcasing the college's commitment to fostering innovation, creativity, and entrepreneurship among its students.

OBJECTIVES OF THE EVENT

The objectives of MISTLETOE were aligned with promoting entrepreneurship, supporting student initiatives, encouraging creativity and innovation, fostering environmental consciousness, and enhancing community engagement with Promoting Entrepreneurship.

- The primary goal of the event was to foster an entrepreneurial spirit among students by providing them with a platform to showcase their talents, creativity, and innovative products.
- Another objective was to enable students to generate income through the sale of their craft and food items with a Christmas theme, thereby encouraging financial independence and self-reliance.
- The event aimed to enhance students' skills in areas such as product development, marketing, sales, customer interaction, and business management, contributing to their overall personal and professional growth.
- By featuring eco-friendly products such as Christmas wreaths made with natural materials and other sustainable decorations, the event aimed to promote environmental consciousness and highlight the importance of eco-friendly practices.
- MISTLETOE provided an opportunity for students to engage with the college community, including staff, faculty, and fellow students, fostering a sense of belonging, collaboration, and support for student initiatives.
- The event aimed to celebrate the festive spirit of Christmas by offering a diverse range of Christmas-themed craft items, decorations, and delicious treats, creating a joyful and festive atmosphere on campus.in the college campus.

OUTCOME GAINED BY CONDUCTING THE EVENT

The outcome of MISTLETOE - A Christmas Market was a successful blend of entrepreneurial learning, income generation, creative showcase, environmental awareness, community engagement, and positive feedback, contributing to the overall growth and development of the college and its students.

- The event provided students with practical experience in entrepreneurship, including product development, pricing strategies, marketing techniques, customer interaction, and sales management. This hands-on experience enhanced their entrepreneurial skills and prepared them for future ventures.
- Participating students were able to generate income through the sale of their craft and food items, providing them with a source of financial support and promoting economic independence among students.
- MISTLETOE showcased the creativity, talent, and innovation of students through a diverse range of Christmas-themed products, including eco-friendly decorations, handmade crafts, and delicious treats. It highlighted the artistic abilities and unique offerings of the student community.
- By featuring eco-friendly products and emphasizing sustainability, the event promoted environmental consciousness among participants and visitors. It raised awareness about the importance of using natural materials and adopting eco-friendly practices.
- MISTLETOE received positive feedback from visitors, including staff and students, who appreciated the creativity, quality, and variety of products offered. The support shown by the college community encouraged further participation and engagement in future events.

The program titled 'Business Model Canvas' was conducted on 8th August 2024 from 2.00 pm to 3.15 pm at St. Thomas College (Autonomous), Thrissur. This event was organized by the Department of Management Studies & Institutions Innovation Council Innovation & Entrepreneurship Development Centre. The main objective of the program was to understand about entrepreneurship. The target audience for this event included students of second year ,BBA department, with a total of 43 participants attending.

The programme commenced with an inauguration ceremony where Anagha. K. P, 2nd year student of BBA delivered the welcome address. The inaugural address was given by Dr.Febin, Vice principal of St. Thomas College, Jubilee Block. Fr. Simson C.S, HOD of BBA department delivered the felicitation. The session was taken by the Resource Person Mr. Sony Akkara, Founder and Executive Director, EazyLink Academy Pvt.Ltd.

The session was on two topics : Scope of business and Marketing. During the session, resource person asked about marketing requirement and answered student was awarded Rupees 1000 (Abhinav -2nd year BBA).Session was highly informative and interactive. The program concluded with a vote of thanks delivered by Sai Sankar, 2nd year student of BBA.

(NAAC accredited at 'A++' Level)

Workshop on Entrepreneurship skill, Attitude and Behavior Development

Jointly Organized by:

Entrepreneurship Development Club
Institution Innovation Council
Innovation and Entrepreneurship Development Centre

Event Report

Date: February 27, 2024

Time: 1:00 PM to 3.00 PM

Venue: St Thomas Incubation Centre

The Entrepreneurship Development Club, in collaboration with the Institutions Innovation Council, and Innovation and Entrepreneurship Development Centre, organized an

enlightening session on the topic of " Workshop on Entrepreneurship skill, Attitude and Behavior Development. The session took place on February 27, 2024, from 1.00 pm to 3.00 pm at St Thomas Incubation Centre.

The session was led by Dr. Jilna John, Innovation Ambassador and Assistant Professor in the Department of Commerce. The workshop aimed to inspire and educate students on entrepreneurship, particularly focusing on the making of eco-friendly products using coconut shells and promoting the concept of upcycling waste materials. During the session, Dr. Jilna John discussed the importance of entrepreneurship skills, cultivating the right attitude, and developing behaviors conducive to success in the business world. She emphasized the role of innovation and sustainability in modern entrepreneurship and highlighted the potential of eco-friendly products in addressing environmental concerns while creating viable business opportunities.

A significant part of the workshop was dedicated to showcasing the process of making eco-friendly products from coconut shells. Dr. Jilna John provided practical demonstrations and shared insights into the creative utilization of waste materials to produce high-quality, marketable products. She encouraged students to explore innovative ideas and adopt a mindset of utilizing "best of waste" materials to contribute to environmental conservation.

Throughout the workshop, interactive discussions and hands-on activities engaged the participants, fostering a spirit of creativity, problem-solving, and entrepreneurial thinking. Dr. Jilna John's expertise and passion for sustainability and entrepreneurship inspired students to think outside the box and consider eco-friendly solutions in their future business endeavors.

The session concluded with a Q&A session where students had the opportunity to seek further clarification and guidance from Dr. Jilna John. Overall, the workshop on Entrepreneurship Skill, Attitude, and Behavior Development provided valuable insights, practical knowledge, and motivation for students to embark on their entrepreneurial journey with a focus on sustainability and innovation.

Finally, Vote of thanks was proposed by Dr Sindhu George, ED Club Coordinator and IIC Convenor.

37 students from fourth semester B.Com Banking and Finance batch actively participated in the workshop.

Title: Two-day Workshop on "Flutter Forge: Empowering Entrepreneurs through Mobile App Mastery"
Date: 13th and 15th of December 2023

Resource Person : Mr. Jithin Jolly, Flutter Developer at Aitrich Technologies, Thrissur

No.of participants : 50

Time : 9:00 AM – 3:00 PM

Objectives: The Two-Day Workshop on " Flutter Forge: Empowering Entrepreneurs through Mobile App Mastery " was organized with specific objectives in mind, aiming to benefit the participants and achieve certain learning outcomes. The primary objectives of conducting the workshop were as follows:

1. **Introduction to Flutter:** The workshop aimed to introduce participants to Flutter, a popular open-source framework for mobile app development. The objective was to familiarize participants with Flutter's features, architecture, and advantages in building cross-platform mobile applications.
2. **Hands-on Learning:** The workshop provided participants with practical, hands-on experience in Flutter app development. Through interactive sessions and guided exercises, participants had the opportunity to build real-world mobile applications, allowing them to gain confidence in working with Flutter.
3. **Mobile App Development Skills:** The primary objective was to equip participants with the necessary skills and knowledge required to develop mobile applications using Flutter. By the end of the workshop, participants were expected to be capable of building functional and visually appealing mobile apps.
4. **User Interface Design:** The workshop focused on teaching participants how to design responsive and aesthetically pleasing user interfaces using Flutter widgets. Participants learned how to create layouts, work with various UI components, and customize app visuals.
5. **Handling User Interactions:** The workshop aimed to help participants understand how to handle user interactions and implement navigation between screens in Flutter applications. Participants learned how to create interactive and user-friendly app interfaces.
6. **Data Handling and API Integration:** The workshop covered the process of integrating APIs and handling data in Flutter applications. Participants learned how to connect to external data sources through RESTful APIs, retrieve data, and display dynamic content in their apps.
7. **Cross-Platform Development**: One of the key objectives was to highlight the advantages of cross-platform development using Flutter. Participants learned how to write a single codebase that can be used to develop applications for multiple platforms, saving time and effort.
8. **Industry Relevance:** The workshop aimed to make participants aware of the growing significance of Flutter in the mobile app development industry. Participants gained exposure to the latest trends and technologies in mobile app development.
9. **Career Advancement:** By gaining expertise in Flutter app development, participants were better positioned to enhance their career prospects in the rapidly evolving field

of mobile app development. The workshop aimed to provide them with a competitive edge in the job market.

Overall, the workshop aspired to empower participants with the knowledge and practical skills necessary to become proficient Flutter developers. The objective was to equip them to create high-quality mobile applications and pursue opportunities in the mobile app development industry.

Brochure

<u>**REPORT**</u>
*Two day Workshop on "**Flutter Forge: Empowering Entrepreneurs through Mobile App Mastery**" Organized by Department of Data Science, St.Thomas College (Autonomous), Thrissur in Association with IEDC and IIC on 13th and 15th of December 2023*

The Two-Day Workshop on " Flutter Forge: Empowering Entrepreneurs through Mobile App Mastery " was organized by the Department of Data Science in Association with IEDC and IIC at St. Thomas College (Autonomous), Thrissur. The workshop aimed to provide participants with comprehensive knowledge and hands-on experience in mobile app development using Flutter, a popular cross-platform framework. The event was held from 13th and 15th December 2023 and took place at the B.Voc Data Science Lab.

<u>**Day 1: 13th December 2023**</u>

The workshop commenced with an inaugural session on the 13th of December 2023, at 9:00 AM. Rev. Fr. Biju Panegadan, Executive Manager & Bursar, had the honor of inaugurating the event. His inspiring words set the tone for the workshop, emphasizing the importance of mobile app development in empowering entrepreneurs.

Dr. Fr. Fionsh Keettika, Associate Bursar, graced the event on the second day with a felicitation. His presence added a valuable dimension to the workshop, showcasing the college's support for initiatives promoting technological skills and entrepreneurship.

Mr. Jithin Jolly initiated the workshop with a comprehensive session on the basics of Flutter. Participants gained insights into Flutter's architecture, key features, and its role in modern mobile app development.

Ms. Jeeshma Jaison, Staff Coordinator, extended a heartfelt vote of thanks to everyone involved in making the workshop a success. She expressed gratitude to the organizers, resource person, participants, and the support from the college administration.

Following the introductory session, participants engaged in a hands-on workshop where they had the opportunity to apply their newly acquired knowledge. Mr. Jithin Jolly guided them through practical exercises, ensuring a deeper understanding of Flutter concepts.

<u>**Day 2: 15th December 2023**</u>

The second day delved into more advanced concepts of Flutter development. Mr. Jithin Jolly shared his expertise on advanced widgets, state management, and best practices in Flutter programming.

A significant portion of the workshop was dedicated to an interactive Q&A session, allowing participants to clarify doubts, seek advice on real-world challenges, and gain insights into Flutter development best practices.

<u>**Conclusion:**</u>

The two-day workshop proved to be a transformative experience for the 50 participants who actively engaged in the sessions. They gained practical knowledge in Flutter development, enabling them to embark on their journey of mobile app mastery.

The collaboration between the Department of Data Science, IEDC, and IIC, St. Thomas College, played a pivotal role in the success of the workshop. The dedication and expertise of Mr. Jithin Jolly, the resource person, were instrumental in delivering a valuable learning experience.

The workshop aligns with the college's commitment to fostering technological innovation, skill development, and entrepreneurial spirit among its students and the broader community.

Mr.Rejin Varghese   Ms.Jeeshma Jaison

HOD, Department of Data Science   Convener

REPORT(START-UP ECOSYSTEM)

The program titled on "START-UP ECO SYSTEM" was conducted on 27th August 2024 at 2.00pm – 4.30pm at St. Thomas college(Autonomous) Thrissur. This event was organised by the Department of Management Studies. The main aim of this program was provide insights into the world of Start-Ups and offer career guidance for students , focussing on opportunities available after pursuing a BBA degree. The target audience for this event included 2nd year & 3rd year students of BBA department.

The program commenced with an Inauguration ceremony where Anthony Thekkanath Shaju delivered the welcome address. The inaugural speech was given by Fr. Finosh Keetika (Associate Bursar , Jubilee block). Felicitation given by Fr. Simson C.S , HOD of BBA department. The session was led by Mr. JOMY P.L (Director IMS learning resources, Thrissur)an expert in start-up development and career mentoring.

The seminar effectively highlighted the importance of Start –ups in modern economies and provide valuable career guidance for students. The session was very interesting and informative. Students go to know about the entrepreneurial landscape and academic paths available after BBA. The program concludes with a vote of thanks delivered by Thrisha Kishor Kumar 2nd year student of BBA department.

Seminar on
Report on Web Innovations and Machine Learning Advances

Venue: Thoomkuzhy Hall
Date: 16-08-2024

Time: 1.00 pm – 3:00 pm

Seminar on Web Innovations and Machine Learning Advances was organised by Department of Computer Applications On 16 th August 2024 at 1.00 pm to 3.00 pm In Thoomkuzhy Hall by St. Thomas College in Association with IEDC and IIC.

Resourse Persons : Mr. Alwin Mathew, Mr. Alan Jose, Akhil Jose, Evin Babu, Freejo Jaison K (CESA, Jyothi Engineering College, Cheruthuruthy.).

Objective of the programme: Focus the students to get an idea about their final year project work and also about the Machine Learning.

Description:

The Department of Computer Applications hosted a Seminar on " Web Innovations and Machine Learning Advances " in collaboration with IEDC and IIC. Mr. Alwin Mathew, Mr. Alan Jose, Akhil Jose, Evin Babu, Freejo Jaison K members of CESA, Jyothi Engineering College, Cheruthuruthy. The session aimed to provide a comprehensive understanding of Web and machine learning in different fields. They provide a clear idea about how to develop a web page using HTML, CSS and JavaScript. Interatcive discussions among students give an overall idea about how to develop a website and which make their upcoming project work much more easier.

The program was completed by Mr.Prinson P.T., Head of the Department of Computer Applications, Ancy Joseph K, Staff Coordinator and Ms. Meleesha Johnson, student coordinator offering a token of appreciation to the CESA members.

No. Of Participants: 63

Organising Committee: Mr.Prinson P.T(HOD Dept. of Computer Application)
Ms.Ancy Joseph K (Staff Coordinator), Ms Meleesha Johnson (Student Coordinator)

Report on Idea Submission Contest for College Students

Introduction

The Idea Submission Competition was held on 26th March 2024 at St. Thomas College (Autonomous), Thrissur, aiming to encourage innovation and creativity among students. The contest provided a platform for students to present their

unique ideas and solutions to real-world problems, fostering a spirit of entrepreneurship and critical thinking.

Objectives

- To encourage students to think creatively and critically.
- To promote collaboration among students from different disciplines.
- To identify and reward innovative ideas with potential for real-world application.

Contest Structure

Eligibility: Open to all undergraduate and post graduate students.
Submission Guidelines: Participants submitted a written proposal outlining their idea, including its purpose, target audience, and potential impact.
Judging Criteria: Ideas were evaluated based on originality, feasibility, scalability, and presentation.

Participation
Number of Submissions: 125 ideas were submitted from various departments.
Workshops: Prior to the submission deadline, a series of workshops were conducted to help students refine their ideas and presentation skills.

Judging Panel
The judging panel comprised faculty members. The judges assessed each submission based on the established criteria and provided constructive feedback.

Conclusion
The Idea Submission Contest was a resounding success, showcasing the creativity and talent of our student body. The feedback from participants and judges alike highlighted the importance of such initiatives in promoting innovation within the college community. Plans for future contests will aim to build on this success, possibly incorporating more resources and support for participants.

A SESSION ON PROBLEM SOLVING AND IDEATION - Power of Block Programming on 29th November 2023 by Dept. of Electronics

"Power of Block Programming" a workshop held on 29th November 2023 organized by Dept. of Electronics, ST. Thomas' College, Thrissur. Its a specialized training section on block programming, it implemented and tested on Drone for various commands. A trainning session conducted for students to create their own interactive stories and animations. Also provide a guidance regarding the design of scratch projects. It improve therir abilities creative thinking, systematic reasoning, collaborative work for attain a goals in a time frame.

The concepts covered in the workshop are:

- Introduction to basic blocks of Scratch Programming

- Applied Scratch programming in Drone and demonstrate the working of Drone.

The session started at 9.30am with the inauguration by Dr.Fr.Martin K A with Presidential address by the Vice Principal Dr. E D John.

The workshop was started at 10.00 am up to 12.00pm followed by valedictory function and the certificates for all participants were distributed in the function. The resource persons Mr. Jinesh K J & Sumesh C from Jyothi Engineering College taken classes and provide technical support for the workshop. A Total of 33 (23 boys+ 10 girls) students from Ist year BSc and 2nd year MSc participated in the workshop.

Outcomes:

- Familiarized with Block programming Scratch.
- Understood the implementation of Drone with Scratch.
- Familiarized the basic path to be followed to do projects.

The Research Department of Commerce, in collaboration with the Institution's Innovation Council (IIC), Innovation and Entrepreneurship Development Centre (IEDC), and the Entrepreneurship Development (ED) Club, organized an insightful session on "Lean Start-Up and Minimum Viable Business" on 27 August 2024. The session took place at Medlycott Hall from 1:00 PM to 3:30 PM and saw active participation from students and faculty members.

The session began with a warm welcome by Dr. Sindhu George, the ED Club Coordinator. Dr. George emphasized the importance of entrepreneurship in the current economic landscape and the role that educational institutions play in fostering entrepreneurial spirit among students. She highlighted the significance of the session in providing practical insights into starting and sustaining a business with

minimal resources. Dr. Diasland Thattil, the Head of the Commerce Department, presided over the session. In his address, Dr. Thattil spoke about the growing trend of lean start-ups and how they have revolutionized the business world by focusing on efficiency and innovation. He encouraged the students to take full advantage of the opportunity to learn from an accomplished entrepreneur and to apply the concepts discussed in their future endeavors.

The session was led by Ms. Aseena P. Kunjimon, a multi-dimensional entrepreneur and the founder of Weddopedia Event Planners and Makers, Annoos Creative Studio, and Annoos Designing Couture. Ms. Kunjimon is renowned for her innovative approach to business and her ability to turn creative ideas into successful ventures. Ms. Kunjimon conducted an interactive session, sharing her experiences and entrepreneurial journey with the participants. She provided valuable insights into the concept of a lean start-up, explaining how it involves creating a minimum viable product (MVP) that meets the basic needs of customers while minimizing costs and risks. She emphasized the importance of continuous feedback and iteration in refining the product and business model.

During the session, Ms. Kunjimon encouraged participants to identify their passions and consider how they could be transformed into viable business ideas. She stressed that a strong desire and passion for achieving a goal can attract the necessary support and resources to turn that dream into reality. Her personal anecdotes and success stories resonated with the audience, making the session both relatable and inspiring.

The session concluded at 3:30 PM with a vote of thanks delivered by Devika, a first-year B.Com Banking student. She expressed gratitude to Ms. Kunjimon for her valuable insights and to the organizers for facilitating such an enlightening session. Devika also acknowledged the active participation of the attendees, which contributed to the session's success.

Overall, the session was a great success, providing attendees with a deeper understanding of the lean start-up methodology and the importance of pursuing their passions with determination. The insights gained from this session are expected to inspire students to explore entrepreneurial opportunities and apply lean principles in their future venture.

Workshop
Report of The Programme An Expert Talk On Innovative Technologies

Venue: JB 102
Date: 28-06-2024

Time: 9:30 am – 12:00 pm

An Expert Talk On Innovative Technologies was organised by Department of Computer Applications On 28 th June 2024 at 9:30 AM to 12.00 pm In JB 102 by St. Thomas College in Association with IEDC and IIC.

Chief Guest: Mr.Parasuram V. R(Software Engineer, Clinisys India Pvt. Ltd.).

Objective of the programme: The diverse carrer opportunities available after completing the degree and also about the industry trends and job market analysis.

Description:

The Department of Computer Applications hosted a workshop on " An Expert Talk On Innovative Technologies" in collaboration with IEDC and IIC. Mr. Parasuram V.R, software engineer at Clinisys India who was former student of St. Thomas college and Software Engineer at Clinisys India Pvt. Ltd. The session armed to provide a comprehensive understanding of computers in different fields. Gave details about the diverse carrer opportunities available after completing the degree. He also explained about the industry trends and job market analysis. Interatcive discussions and alumni testimonials inspired students to explore their potential.

The program was completed by Mr.Prinson P.T., Head of the Department of Computer Applications, and Ancy Joseph K, Staff Coordinator offering a token of appreciation to Mr. Parasuram V.R (Resource Person)

No. Of Participants: 42
Outcomes: Knowledge On industry trends and job market analysis.

A workshop on "HOW TO PLAN FOR STARTUP AND LEGAL AND ETHICAL STEPS" was conducted for 3rd year BBA students on 16th august 2024 at 2.00pm.The resource person of the programme was MR DIJU JOSE (Corporate trainer, Centre director T.I.M.E THRISSUR). The programme was started with a prayer song by Anasooya. The Host of the programme was Alby. The welcome speech was given by Sankeerth. DR FR FINOSH KEETIKKA inaugurated the session and aware all the students to be in innovative track. DR FEBIN felicitated the programme, appreciating the efforts of the organizers. FR SIMSON(HOD) and ALICE N.K (assistant professor) were present. The programme aimed to educate essential steps to plan and establish a successful startup, while also emphasizing the importance of legal and ethical considerations. Mr Dijo gave a deep insight about startup planning, market analysis, financial planning, etc. At last, there was an interactive session with the students. The windup session was words of gratitude by Aswathy T. Nair, to all the members of the dice and peer group for making the session very interactive and informative.

Seminar on "Angel Investment"

Venue: Medlycott Hall   Date: 23-08-2024   Time: 10.00 am-12.00 pm

Report

      The Research Department of Commerce, St. Thomas College (Autonomous), Thrissur in association with IIC, IEDC and the Entrepreneurship Development (ED) Club hosted a seminar on "Angel Investment" on 23 August 2024. Mr. Cleetus Johnson, Marketing Manager, Smart Awnings, Bristol, United Kingdom was the resource person. He is a seasoned entrepreneur and angel investor, who shared his expertise with the students, enlightening them on the intricacies of angel investment, its benefits, and the criteria for securing funding. Through his engaging and interactive session, Mr. Cleetus Johnson inspired and empowered the students to explore entrepreneurial ventures, equipping them with valuable insights into the world of angel investment.

The objectives of the seminar:

1. To educate students on the benefits and process of securing angel funding.
2. To provide insights into the angel investment landscape, including trends and best practices.
3. To offer guidance on preparing for and navigating the angel investment process.
4. To learn how to prepare a compelling pitch and business plan.
5. To provide guidance on the legal and regulatory aspects of angel investing.
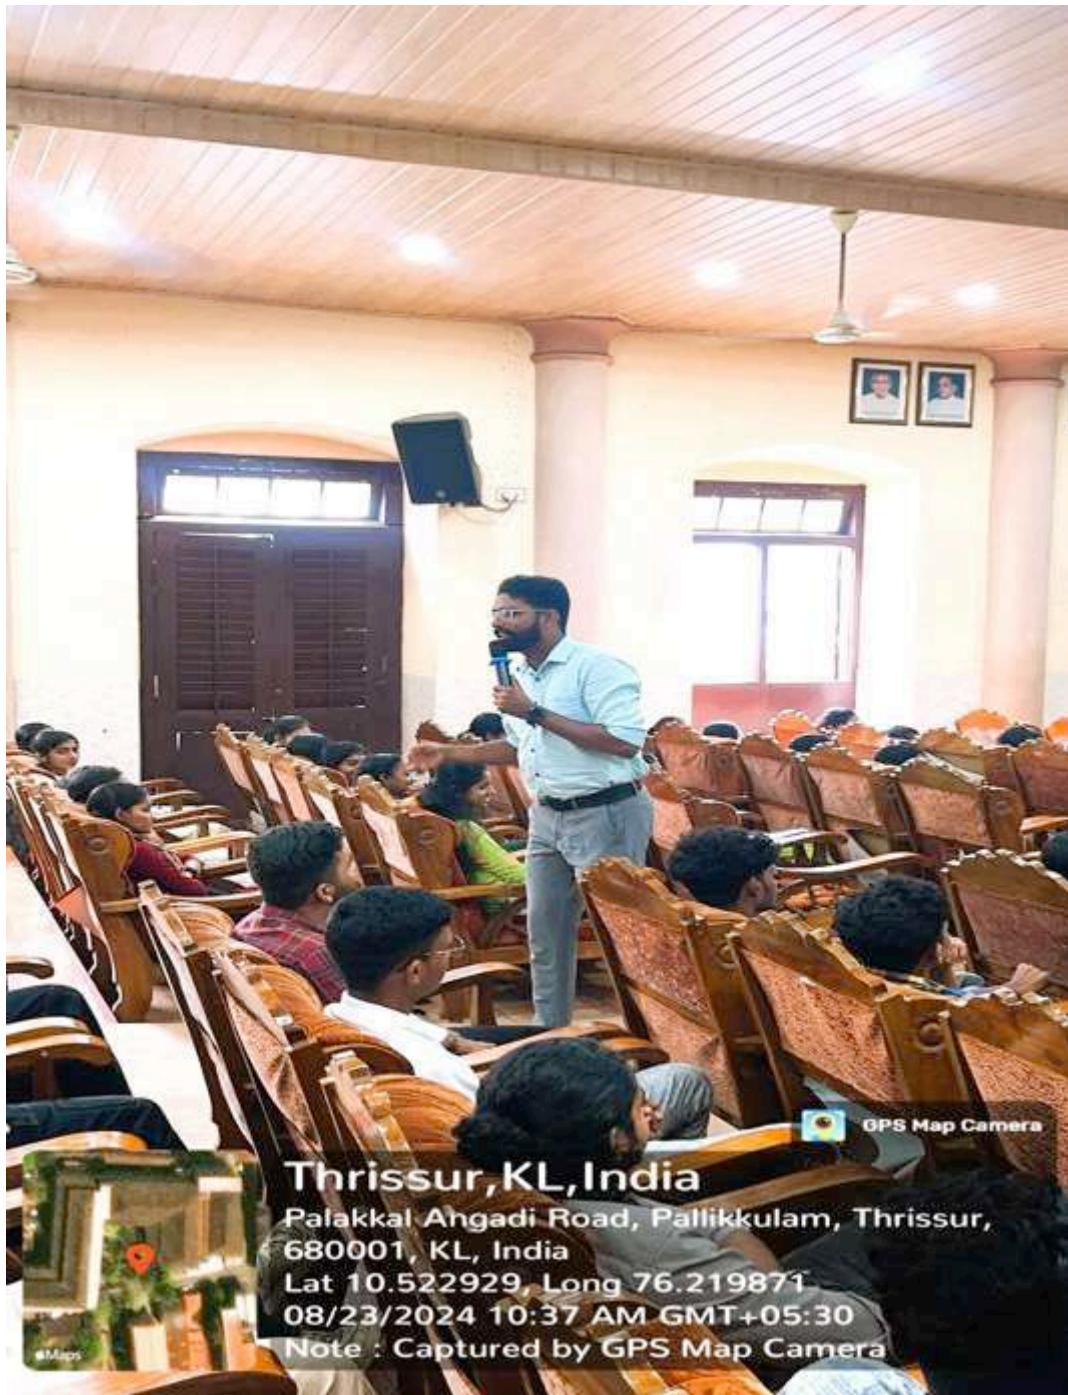

Mr. Cleetus Johnson began by explaining the concept of angel investment, highlighting its significance in supporting startups and early-stage businesses. He discussed the characteristics of angel investors, their investment criteria, and the benefits of angel funding for entrepreneurs. The seminar included an interactive session where students posed questions to Mr. Cleetus Johnson. He shared his personal experiences, provided insights into the angel investment ecosystem, and offered guidance on how to attract angel investors. He mentioned that angel investors fill the gap between seed funding and venture capital.

112 participants attended the session and all the attendees left the session equipped with a comprehensive understanding of the concept of angel investment and its significance in the entrepreneurial ecosystem. Mr. Cleetus Johnson's expertise and interactive approach made the session engaging and informative.
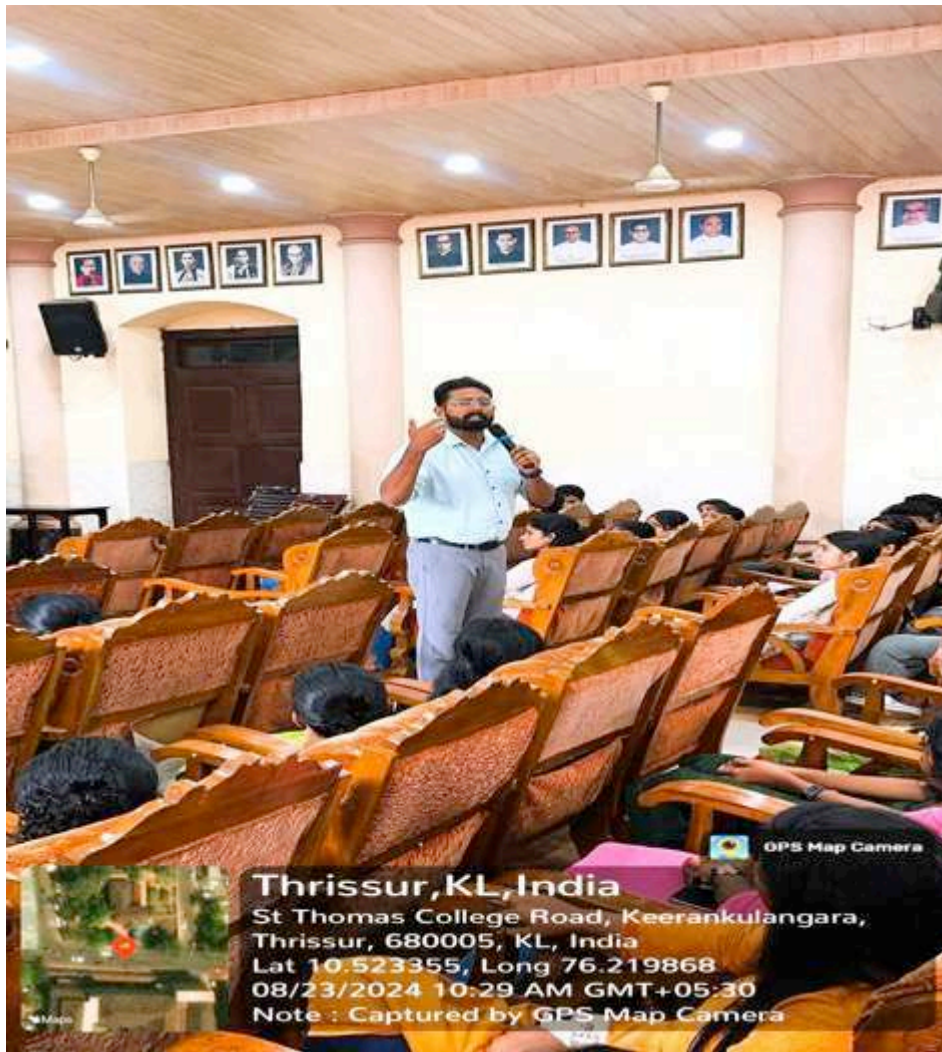

Major Outcomes:

1. The seminar provided an increased knowledge and understanding of angel investing, its benefits, and the investment process.
2. The attendees got an idea regarding pitching skills and ability to prepare a compelling business plan and pitch deck.
3. The participants got a clear understanding of the legal and regulatory aspects of angel investing.
4. The seminar provided a clear roadmap for securing angel funding and growing a successful startup.

Achieving Problem-Solution Fit and Product Market Fit

Date: 27-02-2024   Venue: Room No. AD 107   Time: 9.00 am

Report

The Entrepreneurship Development (ED) Club of St. Thomas College (Autonomous), Thrissur in association with IIC and IEDC hosted a session on "Achieving Problem-Solution Fit and Product Market Fit". Dr. Sindhu George,

Innovation Ambassador and Assistant Professor, acted as the esteemed resource person. The session commenced with an introduction to Dr. Sindhu George, highlighting her expertise in entrepreneurship, product management, and market strategy. The resource person emphasized the importance of understanding customers' points of dissatisfactions and designing solutions that address those points effectively.

The primary objectives of the seminar were:

1. The session aimed to provide attendees with valuable insights and strategies for effectively identifying market needs and aligning product offerings to meet those needs.
2. The seminar focused to give insights into how companies can identify their target market segments and tailor their product offerings to meet the unique needs of each segment.
3. The session was also aimed at identifying the need for continuous feedback loops with customers, allowing companies to iterate on their product based on real-world usage and market feedback.

Lat 10.52316° Long 76.219722°
27/02/24 09:29 AM GMT +05:30

Dr. Sindhu George delved into the concept of Problem-Solution Fit, stressing the need for in-depth market research and customer validation to ensure that the product solves a real problem faced by the target audience. She discussed various methodologies and tools for identifying and validating customer pain points, including surveys, interviews, and prototype testing. The resource person discussed various strategies for balancing scalability with customer-centricity, ensuring that products remain aligned with evolving market needs. She analyzed the case studies, extracting actionable insights and lessons learned for attendees to apply to their own ventures. The session on achieving Problem-Solution Fit and Product Market Fit by Dr. Sindhu George provided attendees with valuable insights and strategies for effectively aligning their products with market needs.

39 participants attended the session and all the attendees left the session equipped with practical tools and methodologies to enhance their product development and market strategy efforts.

Lat 10.523165° Long 76.219708°
27/02/24 09:29 AM GMT +05:30

Major Outcomes:

1. The session explored the intricacies of achieving Product-Market Fit, including market segmentation, competitive analysis, and customer validation strategies.
2. The session highlighted best practices for scaling products while maintaining their relevance and effectiveness in diverse market contexts.
3. Attendees benefited from real-world case studies and examples of companies that have successfully achieved Problem-Solution Fit and Product-Market Fit.
4. Attendees learned about the importance of iterative development in refining product-market fit.

Innovation & Entrepreneurship Outreach Program Exhibition for School Students - Report

Event Name : Gravita 2024

Venue- Department of Physics

Date: 22/08/2024 and 23/08/2024

Introduction

The Innovation & Entrepreneurship Outreach Program Gravita 2024, organized by Department of Physics, IIC, IEDC of St. Thomas College Autonomous, Thrissur, showcased the creative and entrepreneurial talents of college students to high school students. This event aimed to provide students with a platform to present their innovative ideas and engage with the community, fostering a spirit of entrepreneurship. This report details the exhibition's objectives, activities, outcomes, and recommendations for future events.

Program Objectives

1. **Showcase Student Innovations**: Provide a platform for students to present their entrepreneurial projects and ideas.
2. **Foster Community Engagement**: Connect students with local entrepreneurs, business leaders, and the community.
3. **Encourage Collaborative Learning**: Promote teamwork and collaboration among students.
4. **Inspire Future Entrepreneurs**: Spark interest in entrepreneurship through exposure to diverse ideas and projects.

Exhibition- Other Activities

Student Presentations

- **Project Booths**: Students set up booths to display their projects, including prototypes, business plans, and marketing strategies.
- **Pitch Sessions**: Selected students delivered short pitches to a panel of judges and an audience, highlighting their innovative ideas.

Outcomes

1. **Enhanced Student Engagement**: Over 500 students participated, showcasing their projects and engaging with the community.
2. **Skill Development**: Students reported improved skills in presentation, critical thinking, and teamwork.
3. **Community Connections**: The event strengthened relationships between the college, local businesses, and schools, encouraging future collaborations.
4. **Increased Interest in Entrepreneurship**: Surveys indicated a significant rise in students expressing interest in pursuing entrepreneurial ventures.

Feedback

Student Feedback

- **Positive Experience**: 95% of participating students felt the exhibition was valuable and enhanced their understanding of entrepreneurship.
- **Support and Inspiration**: Many students noted the motivational impact of networking with local entrepreneurs.

Conclusion

The Innovation & Entrepreneurship Outreach Program Exhibition successfully showcased student innovations and fostered community engagement. By building on this foundation, [College Name] can continue to inspire and support the next generation of entrepreneurs, enhancing the entrepreneurial ecosystem within the community.

Vote of Thanks : Fr Fijo Joseph, Director, Department of Media Studies

Innovation in Focus: Alumni Perspectives on Photography

13 August, 2024 10AM – 1PM @ Kaviprathibha Hall

<u>REPORT</u>

The Department of Media Studies at St. Thomas College hosted a workshop titled *Innovation in Focus: Alumni Perspectives on Photography* on August 13, 2024. The event commenced with a prayer, setting the tone for a day dedicated to exploring contemporary photography trends. Mr. Joseph Jacob, Head of the Department, welcomed the participants, followed by the Presidential Address and Inauguration by Dr. Fr. Martin KA, Principal of St. Thomas College. He highlighted the importance of keeping pace with innovation in the ever-evolving field of photography.

The keynote address was delivered by Mr. Rahul M Sathyan, a distinguished film and celebrity photographer. He shared his journey from St. Thomas College to becoming a prominent figure in the industry, offering valuable insights into the creative process and the role of innovation in photography. Following this, felicitations were offered by Dr. Febin Baby, Vice Principal, and Dr. Fr. Finosh Keetticka, Associate Bursar, who both acknowledged the contributions of alumni in inspiring current students.

The workshop concluded with a vote of thanks by Fr. Fijo Joseph, Director of the Department of Media Studies. He expressed gratitude to all involved and emphasized the importance of alumni connections in enriching the academic experience. The event successfully provided attendees with a deeper understanding of the innovative practices shaping the future of photography.

Session on

"INCUBATION OPPORTUNITIES FOR EARLY-STAGE ENTREPRENEURS"

Venue: Medlycott Hall   Date: 30-08-2024   Time: 1.00 pm - 3.30 pm

Report

The Research Department of Commerce, in collaboration with the Innovation and Entrepreneurship Development Centre, Entrepreneurship Development Club, and Institution's Innovation Council, organized a session on "Incubation Opportunities for Early-Stage Entrepreneurs" on 30-08-2024. The session aimed to provide early-stage entrepreneurs with insights into incubation opportunities, resources, and strategies for success. Ms. Fazia Siddiq, the founder of 'Bowtiquede Zia', was the resource person for the session. She shared her valuable insights and experiences on

incubation opportunities for early-stage entrepreneurs. The session covered various aspects of incubation, including the importance of incubation, types of incubators, and the benefits of incubation for early-stage entrepreneurs. The program c

Session on
"INCUBATION OPPORTUNITIES FOR EARLY-STAGE ENTREPRENEURS"

Venue: Medlycott Hall   Date: 30-08-2024   Time: 1.00 Pm-3.30 pm

Program

Welcome Speech   : Dr. Jilna John
                        Program Coordinator

Presidential Address   : Dr. Daisland Thattil
                        HoD, Department of Commerce

Inaugural address   : Dr. (Fr.) Martin K. A.
                        Principal

Resource Person   : Ms. Fazia Siddiq
                        Founder, Bowtiquede Zia

Vote of Thanks   : Ms. Ann Theresa George
                        Student Representative

The objectives of the session:

The primary objective of the session was to educate early-stage entrepreneurs about the importance of incubation, types of incubators, and benefits of incubation. Additionally, the session aimed to provide a platform for networking and learning from each other's experiences. The other objectives of the session include:

1. To inform early-stage entrepreneurs about available incubation programs and resources.

2. To educate students on the benefits and advantages of incubation programs.
3. To provide a platform for participants to network with incubator representatives and other startups.
4. To help students understand the application process and requirements for incubation programs.
5. To facilitate connections between entrepreneurs and potential mentors, investors, or partners.
6. To showcase success stories and case studies of startups that have benefited from incubation programs.
7. To discuss the role of incubation in driving innovation, job creation, and economic growth.

30/08/24 01:18 PM GMT +05:30

The event commenced with a warm welcome speech by Dr. Jilna John, Program Coordinator, who set the tone for the day's proceedings. Dr. Daisland Thattil, Head of the Department of Commerce, delivered the presidential address, highlighting the significance of the event and its relevance to the audience. The inaugural address was given by Dr. (Fr.) Martin K. A., Principal, who inspired the gathering with his insightful thoughts and words of encouragement. The highlight of the event was the session by Ms. Fazia Siddiq, Founder of Bowtiquede Zia, who shared her expertise and experiences as the resource person. The event concluded with a vote of thanks by Ms. Ann Theresa George, Student Representative, who expressed gratitude to the speakers, organizers, and attendees.

The resource person emphasized the need for entrepreneurs to validate their ideas, build a strong team, and create a scalable business model to succeed in today's competitive market. She also highlighted the role of incubators in providing resources, mentorship, and networking opportunities to early-stage entrepreneurs. The session was interactive, with participants asking questions and sharing their own experiences. The event provided a platform for early-stage entrepreneurs to learn from each other and from the resource person.

The session drew a crowd of 92 enthusiastic participants, who all departed with a thorough grasp of incubation opportunities for early-stage entrepreneurs and their vital role in the entrepreneurial landscape. Ms. Fazia's expert insights and engaging presentation style made the session a truly informative and captivating experience, leaving a lasting impact on all attendees.

Major Outcomes:

1. The participants got an opportunity to gain knowledge on the different types of incubators catering various needs and stages of entrepreneurship.
2. The session provided an increased awareness of incubation programs and resources among early-stage entrepreneurs.
3. The students got an understanding regarding the benefits and advantages of incubation programs.
4. The attendees came to knew about the networking opportunities leading to potential collaborations or partnerships.
5. The participants got a clear understanding of the application process and requirements for incubation programs.

A Report on Departmental fest on
"GRAVITA 2k24"

Organized by
Department of Physics, St. Thomas College (Autonomous), Thrissur
In association with
Innovation and Entrepreneurship Development Centre (IEDC) and
Institution's Innovation Council (IIC)
On
11/09/23, 12/09/23,14/09/23, & 15/09/23

Date: 11,12,14,15 September 2023

Time: 9 am - 4 pm

Programmes conducted: Science Exhibition, Powerpoint presentation competition, Physics Quiz and working model competition, photography contest

Coordinator: Sikha Simon K.

Student coordinators: Anlin Wilson, Anjana C.S.

Objectives :

The Department of Physics organized its annual departmental fest, "GRAVITA 2k24".The fest aimed to foster academic enthusiasm, promote scientific inquiry and provide a platform for students to showcase their talents and knowledge in the field of physics. The department fest serves as a platform for students, faculty, and the broader community to come together, exchange ideas, and celebrate academic achievements. It fosters a sense of community within the department and promotes interdisciplinary collaboration. It encourages the students to explore scientific concepts through hands-on exhibits, presentations, and competitions. The Science Exhibition and working model competition provide platforms for students to delve into scientific research and showcase their findings. The PowerPoint presentation competition allows participants to develop their presentation abilities, including content organization, visual design, and public speaking, essential skills for both academic and professional settings. The Physics Quiz offers an opportunity for students to test their knowledge and understanding of physics principles in a competitive yet fun environment. It aims to stimulate curiosity and passion for the subject. The working model competition invites participants to design and construct functional models that demonstrate scientific principles or address real-world problems. This fosters creativity, critical thinking, and innovation among students. Participating in various competitions and exhibitions allows students to develop a wide range of skills, including research, communication, teamwork, problem-solving, and project management, which are valuable for their academic and professional growth. By addressing these objectives, the department fest can create a vibrant and enriching experience for participants, contributing to their overall academic and personal development.

Description of Programme:

GRAVITA 2k24, the departmental physics fest, was held from September 11,12,14, 15, 2k24, with a diverse range of activities aimed at promoting interest and engagement in physics among students. The fest featured a series of events including a science exhibition, PowerPoint presentation competition, Physics Quiz, and working model demonstrations. The event commenced with a ceremonial inauguration graced by the esteemed presence of the principal, faculty members, student representatives and participants from various colleges. Dr. Joe kizhakoden, Head of the Department (HOD) of Physics extended a warm welcome to all participants, faculty members, and esteemed guests. The HOD emphasized the importance of "Gravita" in promoting scientific curiosity and nurturing the spirit of creativity among students. Their words of encouragement ignited a sense of enthusiasm and anticipation among the attendees. The principal Dr. Martin K.A. inaugurated the fest and delivered an inspiring address, emphasizing the importance of scientific inquiry, innovation, and interdisciplinary collaboration in shaping the future of education and society. His words resonated with the audience, setting a tone of excitement and curiosity for the festivities ahead. As the festivities drew to a close, Sikha Simon K, staff coordinator, a representative of the organizing committee, expressed heartfelt thanks to all those who contributed to the success of "Gravita."

Outcome:

The outcomes of a department fest that includes a Science Exhibition, PowerPoint presentation competition, Physics Quiz, working model competition, and photography contest can be manifold and impactful: Participants gain a deeper understanding of scientific concepts by engaging in hands-on activities, presentations, and competitions. They develop practical knowledge that complements their theoretical learning. Competing in the PowerPoint presentation competition hones participants' abilities to effectively communicate complex ideas using visual aids. They learn to organize information coherently, deliver compelling narratives, and engage their audience. The Physics Quiz challenges participants to explore various topics in physics, fostering curiosity and enthusiasm for the subject. It encourages further exploration and study of physics principles beyond the classroom. The working model competition inspires participants to design and construct innovative models that demonstrate scientific principles or address real-world challenges. It encourages creative thinking, problem-solving, and out-of-the-box solutions. The department fest brings together students, faculty, alumni, and the wider community, fostering a sense of belonging and camaraderie within the department. It strengthens relationships and encourages collaboration among individuals with diverse backgrounds and interests. Winners and participants of the various competitions are recognized for their achievements, motivating them to continue their pursuit of academic excellence and innovation. The fest celebrates the talents and contributions of students and promotes a culture of excellence within the department.

Overall, the department fest serves as a platform for learning, creativity, collaboration, and celebration, leaving a lasting impact on participants and contributing to the overall academic and cultural environment of the institution.

Seminar

Report on the programme: POWER BI

Place: Thrissur

Date: 30/08/2024

Time: 1.00 pm to 3.00 pm

Seminar on POWER BI was organized by the Department of Computer Application on 30th August 2024 at 1.00 P M, JB014 in Association with IEDC and IIC.

Resource Person: Sreedhesh V K(Chief Operating Officer, Ociuz group of companies)

The objective of the program: To create an immersive knowledge that can be used to explore an environment that helps to educate or entertain the end user.

Description:

The Department of Computer Application organized a seminar on POWER BI, in collaboration with IEDC and IIC at JB014, located in the Jubilee Block of St. Thomas College (Autonomous), Thrissur. Ms. Vrinda, fifth-semester BCA student hosted the event. Ms. Angel Mariya A T, the fifth-semester BCA student, sang a prayer to kick off the program at 1.00 pm in the afternoon. The event was officially launched by Vice Principal Dr. Febin Baby, after the welcoming address by Mr. Prinson P T, Head of the Department. Fr. Dr. Finosh Keettika delivered the Felicitation. After the formal event, Mr. Sreedhesh V K (Chief Operating Officer, Ociuz group of companies) provided the Information about POWER BI. He discussed the importance of using Power BI in business. The session came to a close with a vote of thanks from Alwin Roy, Student Coordinator.

No. Of Participants: 32

Outcome: Acquired knowledge on VR technology to explore an environment that helps to educate or entertain the end user.

Organising Committee:

Mr. Prinson P.T (HOD, Dept. of Computer Application)

Ms. Aleena Prakash (Assistant Professor)

An Interactive Career Seminar on Business & Start-ups in St. Thomas College (Autonomous), Thrissur

An Interactive Career Seminar on Business & Start-ups Organized by Internal Quality Assurance Cell, District Employment Exchange Research Department of Commerce, IEDC & IIC, St. Thomas College (Autonomous), Thrissur on 29th August 2024 in Medlycott Hall of the College

The programme began with a prayer by Ms. Sibiya Rose K B, followed by a welcome speech by Smt. Sameera N V, District Employment Officer, Thrissur. The presidential address was delivered by Rev. Dr. Martin K A, Principal, St. Thomas College.

Rev. Fr. Biju Panengaden, Executive Manager, inaugurated the seminar, emphasizing the importance of entrepreneurship and innovation in today's economy. Felicitations were offered by Dr. Divya George, IQAC Coordinator, and Dr. Daisland Thattil, HoD, Department of Commerce.

The keynote session on Business & Start-ups was delivered by Mr. Christo George, Chairman & Managing Director, Hykon India Ltd. He shared his personal experiences and insights on entrepreneurship, highlighting the challenges and opportunities in the current business landscape.

The programme concluded with a vote of thanks by Sri Shaju Lonappan, Employment Officer, Vocational Guidance.

The seminar aimed to inspire and motivate students to explore career opportunities in business and start-ups, providing them with valuable insights and practical advice from industry experts. The event was well-attended by students, from St. Thomas College, (Autonomous) Thrissur, Vimala College (Autonomous), Thrissur, MES Asmabi College, Kerala Varma College, Thrissur, faculty members, and staff, and was deemed a resounding success. Overall, the seminar was a valuable addition to the college's career guidance initiatives.

29.08.2024

Interactive Career Seminar on Business & Startups ...

Organised by Dist Employment Exchange Tsr in association with Dept of Commerce

21/02/2024

Date: 21/02/2024
Time: 1 PM
Topic:Hands-on training on 3D printing
Resource Persons: Sikha Simon K. Assistant Professor, Department of Physics,
            Asher Dev Joby, student, Final Year BSc. Physics

Objectives :
3D Printing technology is one of the most popular manufacturing processes in the industry. To familiarise the 3D printing technologies in high school students, a training workshop on programming in Ultimaker Cura and operating modeling software like Solidworks & Tinkercad and practical session on 3D printing machine to make the different part as the application has been organized. This program will help students with their projects, and competitions and create better career profiles.
The main objectives are:
• To update the participants with the state of the art technologies in 3D Printing.
• To enable the participants to have experiential learning in 3D modeling, build -setup preparation and 3D printing through hands-on sessions.
• To enable participants to learn the industrial, real life and pedagogical applications of 3D printing.

Description of Programme: This workshop was organized by Department of Physics, St. Thomas College (Autonomous), Thrissur   in association with Innovation and Entrepreneurship Development Centre (IEDC) and Institution's Innovation Council (IIC) on 21/02/2024 at 1 PM. The goal of the workshop was to enhance the caliber of school students in the field of 3D printing, and additive manufacturing Processes. The event has been divided into three sessions. The first session is about the introduction different additive manufacturing processes, introduction of 3D Printer and its wide variety of applications. The second session is about Solidworks & Tinkercad CAD tool in which how to operate different part modelling commands to make 3D part as per requirement. The session also includes an introduction to 3D printing hardware and software to aware of slicing of 3D models for printing. The last session is about practical on 3D Printer to familiarise its different mechanical parts and understand how to operate machine.

The workshop on 3D printing is started by 1 PM at the college innovation centre. Dr. Johns Naduvath delivered the welcome address and introduced the resource persons. Fr. Biju Pangaden, executive manger inaugurated the programme. Dr. Joe Kizhakoden, HOD of Physics addressed the audience with the needs of 3D printing in the current scenario. The first session on 3D printing was handled by Ms. Sikha Simon K., assistant professor, Dept. of Physics. The second session was handled by Mr. Asher Dev Joby, BSc physics student. 45 students from St. Thomas College school, Thrissur, have participated in this hands-on training. Sikha Simon K, resource person has given vote of thanks.

Outcome:
 A Total of 45 school students took the benefit of the session. After completion of the workshop, students were come to know about the use of 3D Printer for industrial

applications. They have studied all the fundamental modules of the 3D Printer, such as Cura and Solidworks/Tinkercad software. The session was very interesting, and participants actively interacted with the expert. Very good feedback has been obtained from the students regarding their gain during the workshop. The session had successfully met the objectives for which it was planned and organized.

Dr. John Naduvath welcomed the participants and Ms. Sikha Simon K. delivered the introductory session regarding the importance of 3D Printer in the industry

Mr. Asher Dev Joby had given   Making of different 3D Model component on Tinkercad
Participants understanding the 3D Printer Machine

ST Thomas College Thrissur SIH-23 Internal Hackathon Report

About

We conducted our internal hackathon over the course of two dynamic days, during which participating teams enthusiastically presented their meticulously crafted presentations. The primary objective of this event was to nurture the project development and problem-solving mentality among our talented students. Also, to promote teamwork and collaboration among students from diverse backgrounds and disciplines, fostering a sense of community and shared achievement.

Judging Process

When we judged the ideas/solutions, we considered a few important things. First, we looked at how creative and different the ideas were. Then, we assessed if the ideas/solutions were really complicated or not. We also wanted the ideas/solutions to be easy to understand and have all the information we needed. Next, we checked if they could actually work in real life and if they made sense. We also thought about how good they were for the environment and if they cost too much. Plus, we wanted to know if the ideas/solutions could help a lot of people. And, of course, they had to be easy for people to use. Lastly, we thought about how they could get even better in the future. These were the things we considered when we decided which ideas/solutions were the best.

Judges Information

Sl.no	Name	Photo	Details

Jury Panel

We had the same judges and jury

Nominated Top Teams

After close evaluation by the judges

These are the top 10 teams from the registered 35 teams:

- Phytophiles
- Team07
- Team Futurists
- Spartans
- Phoenix
- Metafocus
- MediaPulse
- ANEMOI
- THIRD EYE
- Self checkout System

Note: This list is not arranged in any specific order.

All 35 teams registered has been nominated to nationals and here are that waiting list 5 teams:

- HACKELE
- VAAGOS
- Rail Watch
- Solution Seekers
- MSE CONNECTORS

Total number of students participated = 210

Total number of female participants = 98

Total number of male participants = 112

Workshop Report: "Python Power-Up: Building Innovative Solutions with ML"

Date: August 27, 2024
Time: 9:00 PM
Venue: CS Lab
Organizer: Department of Computer Science
Workshop Lead: Dr. Johnpaul C. I.
Attendance: Approximately 40 students

The Department of Computer Science successfully conducted a highly engaging and informative workshop titled "Python Power-Up: Building Innovative Solutions with ML" which got held in the CS Lab on August 27th, 2024 from 9:00 AM. The session was led by Dr. Johnpaul C. I. (Asst. Professor, Dept. of Computer Science), an expert in machine learning and Python programming and coordinated by the faculty Ms. Dhanya Anto. The workshop was designed to provide students with practical insights and hands-on experience in leveraging Python for developing innovative machine learning solutions.

The primary objectives of the workshop were:

1. Introduction to Python for Machine Learning: To familiarize students with Python's capabilities in the context of machine learning.
2. Hands-on Practice: To offer practical experience through coding exercises and real-world problem-solving scenarios.
3. Innovative Solutions: To encourage creative thinking and application of machine learning techniques to develop novel solutions.

The workshop commenced with a brief introduction by Dr. Johnpaul C. I., who outlined the goals and structure of the session. He emphasized the importance of Python in the field of machine learning and its growing relevance in various industries. Dr. Johnpaul provided an overview of essential Python libraries for machine learning, including NumPy, pandas, scikit-learn, and TensorFlow. Key concepts such as supervised vs. unsupervised learning, classification, regression, and clustering were discussed.

Approximately 40 students from 2nd B.sc Computer Science, participated in coding exercises using Google Colab. They explored data sets, various model training techniques and a case study involving a practical problem was presented, and each student worked individually to develop machine learning model and propose solution. The workshop concluded with a summary of key takeaways and feedback from participants. The session ended with a note of and gratitude towards the key speaker.

Report on the Lecture on Introduction to Arduino Programming

Organized by: Department of Computer Science, St. Thomas College (Autonomous), Thrissur
Date: 11th September 2023
Time: 3:00 PM – 4:00 PM

Introduction

An insightful and informative lecture on *Introduction to Arduino Programming* was organized by the Department of Computer Science, St. Thomas College (Autonomous), Thrissur, on 11th September 2023. The session aimed to introduce students to the basics of Arduino programming, offering them a foundation to start exploring microcontroller-based systems and embedded programming. The lecture was conducted as part of the ongoing efforts to encourage practical learning and innovation in the field of electronics and computer science.

The lecture was delivered by second year IEDC members who were expert in the field of embedded systems and Arduino programming. The number of participants was around 40 and the audience comprised undergraduate students from various departments as well as faculty members interested in exploring the practical aspects of programming for hardware.

Objectives of the Lecture

The main objectives of the lecture were as follows:

1. **Introduction to Arduino**: Providing students with a brief history and evolution of Arduino as an open-source electronics platform.
2. **Understanding Arduino Hardware**: Introducing the key components of an Arduino board, including its microcontroller, input/output pins, power supply, and USB interface.
3. **Basic Arduino Programming**: Guiding the students through the basic structure of an Arduino sketch, including setup and loop functions.
4. **Hands-on Examples**: Demonstrating simple examples, such as controlling LEDs and reading sensor data, to help students understand the practical applications of Arduino.
5. **Encouraging Innovation**: Inspiring students to think creatively about how they can use Arduino to develop projects and solve real-world problems.

Conclusion

The lecture successfully introduced students to the world of Arduino programming, providing them with the necessary tools and knowledge to explore further. Students were encouraged to experiment with different sensors, actuators, and microcontrollers to create innovative projects. The practical nature of the session, combined with theoretical insights, made it an excellent starting point for students interested in embedded systems and hardware programming.

Report on the programme: Virtual reality

Place: Thrissur
Date: 08/12/2023

Virtual reality Workshop was organized by the Department of Computer Application on 8th December 2023 at 9.30 AM, Thoomkuzhi Hall in Association with IEDC and IIC.

Resource Person: Kumaraguru Baran (Chief Executive Oficer, XR Architect)
The objective of the program: To create an immersive experience that can be used to explore an environment that helps to educate or entertain the end user.

Description:

On the occasion of Computer Literacy Day, the Department of Computer Application organized a virtual reality workshop, in collaboration with IEDC and IIC at Thoomkuzhy Hall, located in the Jubilee Block of St. Thomas College (Autonomous), Thrissur. Ms Anjana, fourth-semester BCA student hosted the event. Ms. Sreedevi, the second-semester BCA student, sang a prayer to kick off the program at 9.30 in the morning. The event was officially launched by Vice Principal Dr. E D John sir after the welcoming address by Mr. Prinson Sir, Head of the Department. Fr. Dr. Finosh Keettika delivered the Felicitation. After the formal event, Mr. Kumaraguru Baran (Chief Executive Officer, XR Architect) provided the Information about the VR technology. He discussed devices such as gyroscopes and motion sensors, features like motion tracking, movement tracking etc. The session came to a close with a vote of thanks from Ms. Aleena Prakash, Staff Coordinator.

No. Of Participants: 76

Outcome: Acquired knowledge on VR technology to explore an environment that helps to educate or entertain the end user.

Organising Committee:
 Mr. Prinson P.T (HOD, Dept. of Computer Application)
 Ms. Aleena Prakash (Assistant Professor)

SRISHTI 2.4

Srishti 2.4, The fabulous departmental techno cultural fest of computer science students of St. Thomas college was held on 6th and 7th of February 2024. A Glimpse of the various events are shown below. On 5th of February 2024 marked the beginning of the feast with a rhythmic flashmob by the students of the computer science department in the John Palocaren square at 3PM. The Srishti 2.4 program on 6th of February was inaugurated by Shri Anil K G (Sub Inspector of Police (Ollur)) with an inaugural address. The principal Fr. Dr. Martin K A, Vice Principal Fr. Dr. Anil George Kongoth, Faculty Coordinator Dr. Johnpaul C I, Head of CS department Mrs Rameela Raveendran felicitated the event with their encouraging words. The events on 7th of February was started with a Rangapooja and inaugurated by Mr. Arjun K C, renowned singer and alumni of St Thomas College. The Srishti 2.4 came to an end with a pleasing performance of Febin.

Report on the programme : Tech-Insight

Place: Thrissur
Date: 01/12/2023

Tech-Insight Workshop was organized by Department of Computer Application on 1st December 2023 at 10 AM , Thoomkuzhi Hall in Association with IEDC and IIC.

Chief Guest: Mr. Antonio Joshy (Innovator).

Objective of the programme: Attain idea about CNC machineTechnology.

Description:

On the occasion of Computer Literacy Day , the Department of Computer Application organized a Tech-Insight workshop , in collaboration with IEDC and IIC at Thoomkuzhy Hall, located in the Jubilee Block of St. Thomas College (Autonomous), Thrissur. Ms Gopika ,second semester BCA student hosted the event. Ms. Angel Maria, fourth-semester BCA student, sang prayer to kick off the program at 10:00 in the morning. The event was officially launched by Principal Rev. Fr. Dr. Martin K A after the welcoming address by Mr. Prinson Sir, Head of the Department. Fr. Finosh Keetika Delivered the Felicitation .After the formal event, Mr. Antonio (Innovator) provided the Information about the new technology. He discussed about CNC machine Technology,3D Printer, Plotter,2D plotter, SVG, G-Code etc. The session came to a close with a vote of thanks from Mrs. Jasna s, Staff Coordinator.

No. Of Participants: 60

Outcome: Acquired the knowledge about CNC machine Technology

Organising Committee:
 Mr. Prinson P.T (HOD Dept. of Computer Application)

Alumni Insights: Spotlight on Success, organised by the Department of Computer Science, allows students to learn from successful alumni of the department, explore career options, and build relationships that will support them in the future. The programme will also give them insights into the future of work, which will give them a competitive advantage in the job market.

The second edition of the event was held at Menachery Hall on January 27, 2024, at 10:00 a.m. Ms. Navya Sivaraman, a doctoral student at Linköping University, Sweden, interacted with students, sharing profound insights derived from her experiences since graduating. Her discourse spanned her career trajectory, industry perspectives, and the unique journey of her research endeavours. Dr. Jiju A. Mathew was the moderator of the event, which was attended by more than 50 graduate students, and the event was over by noon.

The next session of this series will be held in June 2024 and will be led by Mr. Nithin K. Joy, technology analyst at Sinergia Inc., Kochi.

<u>Report of the Programme</u>

Place: St Thomas College (Autonomous), Thrissur
Date: September 16, 2023

The Alumni Insights #Spotlight on Success was organized held on September 16, 2023 at **10 - 12 Noon** in **Medleycott Hall, Administrative Block** by our institutions **DEPARTMENT OF COMPUTER SCIENCE**.

Chief Guest: **MR. ALEX DEVASSY (SENIOR OFFENSIVE SECURITY CONSULTANT AT EY)**

The Objective of the Programme: The " **The Alumni Insights: #Spotlight on Success**" program aims to provide students with a unique opportunity to learn from successful alumni, explore various career options, and build lasting relationships. Additionally, the program intends to offer valuable insights that will help students gain a competitive edge in the job market.

Description of Programme:
The " **The Alumni Insights: #Spotlight on Success**" program commenced at 10:15 AM with the punctual arrival of Mr. Alex, our esteemed resource person. The event began with a heartfelt prayer led by Devika, setting a positive tone for the day. Abila warmly welcomed everyone with a gracious speech, creating an inclusive atmosphere.

Devika then introduced our distinguished speaker, who took the stage to address the eager audience. His speech seamlessly blended a classroom-style presentation with engaging interactions. He delved into his field of expertise, shedding light on various platforms and career-related knowledge, including LinkedIn, GitHub, hackathons, and topics related to ethical hacking. He shared his personal career journey, inspiring participants.

Throughout the session, participants posed thought-provoking questions, ensuring an interactive and engaging experience. Velmin, one of our student coordinators, expressed gratitude to the speaker, and Rameela Mam, the Event Coordinator and our HOD, provided a concise overview of the enlightening lecture.

In closing, our dedicated student coordinators extended tokens of appreciation to the speaker, symbolizing our gratitude and admiration for his valuable insights.

Number of Participants: 75 Students

Outcome:
The "**The Alumni Insights: #Spotlight on Success**" program delivered meaningful outcomes. Participants left with enriched knowledge, having gained insights into career-related topics and the use of platforms like LinkedIn and GitHub. They also found inspiration and motivation in the speaker's career journey.

Furthermore, the program fostered enhanced networking opportunities, enabling students to establish connections with successful alumni for future guidance and support. The interactive nature of the

session encouraged engaged discussions and active participation, making the learning experience more valuable.

Finally, the expression of gratitude through tokens of appreciation demonstrated the attendees' genuine appreciation for the speaker's contributions, reinforcing the sense of respect and admiration within the community. Overall, the program proved to be an enriching and inspiring experience for all involved.

Report on the programme - Sensors Based IoT and Its Innovative Applications.

Place: Thrissur
Date: 01/8/2023

Sensors Based IoT and Its Innovative Applications was organised by Department of Computer Applications and Department of Electronics on 1st August 2023 at 9:30 AM , Thoomkuzhi Hall in Association with IEDC and IIC.

Chief Guest: Mr. Jomon Johnny (IT Manager, Valorem Reply, Smart city, Kochi).

Objective of the programme: Attain a basic knowledge on Sensor based   IoT Applications and its Relevance in the current Generation.

Description: *Session* I

On the occasion of World Wide Web Day, the Department of Computer Applications and the Department of Electronics jointly presented a seminar on Sensors-Based IoT and Its Innovative Applications in collaboration with IEDC and IIC. Thoomkuzhy Hall, located in the Jubilee Block of St. Thomas College (Autonomous), Thrissur, hosted the event.
Angel Maria, a third-semester BCA student, led a prayer to kick off the program at 9:30 in the morning. The event was officially launched by Vice Principal Mr. E.D. John after a welcoming address by Mr. Shailendran Sir, Head of the Electronics Department. After the formal event, Mr. Jomon Johny (IT Manager, Valorem Reply, Smart City, Kochi) provided the students with a wealth of experience and information.The presentation from 10 am to 12:30 pm provided an in-depth explanation of the Internet of Things (IoT) and its practical applications, as well as insight into the role that sensors play in daily life. He discussed cyber security, precautions to be done to avoid hacking, Phishing, etc., and he related about similar crises he had experienced in his own life. The session came to a close with a vote of gratitude from Ms. Jisha K, Staff Coordinator (Computer Application Department).

No. Of Participants: 46

Outcome: Perceive knowledge in sensors and its innovative real life applications through IoT.

Organising Committee:
 Mr.Prinson P.T (HOD Dept. of Computer Application)
Mr.Shailendran V (HOD Dept. of Electronics)
Ms.Jisha K
Ms.Rithusree K.J.

DEPARTMENT OF COMPUTER SCIENCE

ST.THOMAS COLLEGE(AUTONOMOUS), THRISSUR

REPORT

OF

ONE WEEK HANDS-ON WORKSHOP

ON

LEARN WITH SPREADSHEET

(07 SEPTEMBER 2023 – 13 SEPTEMBER 2023)

Organised by

IT CLUB

In association with

DEPARTMENT OF COMPUTER SCIENCE

PROGRAMME REPORT

A one-week hands-on workshop on 'Learn with Spreadsheet' was organized by IT CLUB in association with the Department of Computer Science, St. Thomas College, Thrissur from 07th September 2023 to 13th September 2023, at 3.15 pm to 4.15 pm, at Computer Science Lab, academic Block, St. Thomas College Thrissur.

The Objective(s) of the Programme:

Spreadsheet is one of the greatest productivity software the world has seen so far. It is essential to learn how to work with it effectively. So, our objective was to start from the very basics and then gradually build a solid foundation that will help the learners to grow as a professional. Our workshop was aimed towards the students without any previous experience in spreadsheet. Additionally, the workshop included practical case studies that will reinforce everything they learn.

Description of the programme:

07/09/2023 : Programme began at 3.15 pm with 13 participants. First day topic was Introduction to spreadsheet by Ms. Karthika K. Balachandran. She gave an overview of spreadsheet including the hands-on session with spreadsheet ribbon, rows & columns, data entry in spreadsheet, formatting, creating formulas, functions, cut, copy & paste and formatting the cells helped the students to understand the basic features of the spreadsheet.

08/09/2023: Topic Create Professional Charts in Spreadsheet by Ms. Aswathy R.B. Class started at 3.15 pm as usual and had a total of 14 students. Our topics included introduction to charts, inserting charts in spreadsheet, formatting charts and create different types of charts.

11/09/2023: Class started at 3.15 pm as usual. Today's topic was Functions in Spreadsheet conducted by Ms. Risma P.M. A total of 14 students participated. Hands-on session included introducing the students to the most necessary functions in spreadsheet and hands-on session with functions helped the students to understand the syntax and their usage.

12/09/2023: Today was the last class of hands-on workshop of Learn with Spreadsheet. Topic of study was Data Cleansing and Processing conducted by Ms. Sangeetha K. P. A total of 14 students participated in today's class. This class was aimed at giving a real-life scenario on using the spreadsheet so that students have an experience to use the knowledge they got from previous three classes and apply them to solve real life problems. Class aimed at cleaning a raw data using spreadsheet tools and functions and make inferences from the given data.

13/09/2022 : Today was the last day of our workshop. Programme started with welcome speech by Ms. Rameela Ravindran K. Later we conducted Tech code Quiz on and the programme was ended with the distribution of certificates to workshop participants
